FIFTH YEAR—NO. 183

BENTON HARBOR, MICH., THURSDAY, MAY 3, 1900.

TWO CENTS.

MR. VINCENT'S CLOSE MARGIN

**Paw Paw Man Gives
Hot Race.**

**But St Joseph Man Won
in Detroit.**

**Republican Convention
Now in Session.**

By Telegraph to Evening News.

Detroit, May 3.—Alonso Vincent of St. Joseph will succeed himself as a member of the republican state central committee. The margin by which he won however could not have been smaller. A change of one vote would have made the contest a tie, a change of two votes would have defeated him.

When the fourth congressional district held its caucus this morning there were two members of the state central committee to be selected to succeed Frank Waite of Sturgis and Alonso Vincent of St. Joseph. There were three candidates for the two positions: Vincent of Berrien, Jason Woodman of Van Buren and M. L. Cooke of Barry. Cooke was unanimously elected to succeed Waite, and Vincent and Woodman were left to fight for the other place. Vincent received 41 votes and Woodman 39.

The state convention was called to order at noon and the fourth district was represented in the organization as follows:

P. T. Colgrove of Hastings was made a vice president.

W. I. Ashley of St. Joseph county a secretary.

Dr. H. F. Thomas of Allegan, a member of the committee on resolutions.

E. C. Griffin of Berrien a member of the credential committee.

W. C. Conklin of Cass a member of the committee on organization.

The business of the convention will consist in adopting a platform upholding the administration, the election of four delegates at large to Philadelphia and the nomination of presidential electors.

A VERY FINE ART EXHIBIT

Given By Art League Yesterday Afternoon.

Pictures in oil and water, in pencil and charcoal, fine lace work and wood engraving, were the features of the annual exhibit of the Art League held at the home of Mrs. O. B. Hipp yesterday afternoon.

Every piece of work was sketched from nature, there were no copies and the landscapes and the flowers were pictured just as they appeared to the artists who did the work.

There were three rooms of the residence given up to the display. Upon entering the parlor the visitor was first attracted by a beautiful piece of statuary, representing Hebe, which the Art League will soon donate to the high school. In the parlors were the water colors, the wood carving, decorated china and lace. A portfolio carved on Spanish mahogany by Miss Nellie Samson received much attention and was admired, as was also the black walnut table she decorated with hand carving. A collar of gimp lace, the work of Mrs. Juan Hess, was a feature of the lace display.

The walls were hung with water color paintings and in the arrangement of the pictures on the walls art was also displayed. The landscapes needed no labels. The visitors could recognize in them many of the pretty scenes about the city. The landscape artists are Mrs. Hipp, Mrs. Lord, Mrs. Walwright and Miss Whitehead. The pictures of still life and flowers were the work of Miss Samson, Mrs. Gilson, Mrs. Lord and Miss Marie Farmer. Decorated china, the work of Miss Frances Hull, Miss Whitehead and Mrs. Thresher, occupied one corner of the room. The work of Miss Hull was especially meritorious.

In the back parlor was the work of the night sketch class, and in this room in black and white were sketches of various citizens who had been prevailed upon to pose for the artists. The artists who did this work were Mrs. Lord, Mrs. Gilson, Mrs. Thresher, Misses Hess, Whitehead, Samson, and Marie Farmer.

The library was given over to the oil paintings, and here was found some of the best work of the exhibit. There were landscapes, nude figures, portraits, still life and flowers. The landscapes were furnished by Mrs. Thresher, Mrs. Lord and Mrs. Walwright; figures were the work of Miss Hess; still life and flowers, Mrs. Walwright and Miss Samson; portrait, Mrs. Walwright. One of the best pictures in this room was Mrs. Lord's dim outline of St. Joseph at twilight looking across the marsh.

The house was prettily decorated in tulips, smilax and spring flowers. The dining room was trimmed in yellow and white, the club colors. Little Miss Muriel Thresher received at the door and the Misses Seppa Perry, Edith Wallace and Sadie Hess served Russian tea and wafers. A quartette, composed of Mrs. Charles Foster, Mrs. F. F. Pratt, Miss Grace Robbins and Lew Hinkley, sang and the visitors were all made happy and the desire for true art was stimulated by the exhibit.

CIRCUIT COURT.

In the case of Daniel Muth vs. the village of Watervliet an order has been granted whereby the village fathers of Watervliet will be compelled to show cause why they refused to accept the bonds offered by Mr. Muth. It is claimed that the men on the bond of Mr. Muth were reliable and worth the amount of the bonds.

Some time ago a judgment was rendered the International Packing company against Lucker Bros. of St. Joseph. This morning the judgment was dismissed upon the payment of the amount by Lucker Bros.

Little Anstess, through her attorneys, Gore & Harvey, was this morning granted a divorce from her husband, George Anstess, on the grounds of non-support.

CONTINENTAL GUARDS.

Members of National Museum and Smithsonian Institution to Form New Organization.

Members of the National museum and the Smithsonian Institution are forming a military organization to be known as the Continental Guards of Washington. The uniform worn will be that of the Continental light infantry of 1782, consisting of white broadcloth small clothes and vest patterned after the generous garment of that time. The coat will be colonial cut, and made of light blue cloth, with blue facings, trimmed in silver buttons. Dark brown leggings will be worn, and a black cocked hat ornamented with a red, white and blue cockade will complete the picturesque uniform. It is proposed that as soon as a specified number belonging to these institutions are secured for membership to include such other persons as may wish to join the organization, the only requisite being that they are of gentlemanly and soldierly bearing and possessed of a respectable position in the world. They will march under the old continental flag with its 13 stars representing the 13 original states. It is hoped by the organizers to be in readiness to march under the old flag on Decoration day, but this failing, on the Fourth of July.

Wanted—Immediately, 100 cases of spring fever, The Excelsior Mineral baths, 156 to 166 East Main street.

JUDGE MUST SHOW CAUSE

In the Fruit License Case.

Date of Hearing is May 22.

Commission Men Are Not Alarmed.

The supreme court has ordered Judge Coolidge to show cause why a peremptory mandamus should not be issued to compel him to set aside the order he made in the case of the people vs. W. B. Thompson, charged with soliciting fruit without a license. The hearing is set for May 22.

It will be remembered that this is a test case and when it came up before court Judge Coolidge promptly dismissed the case on the ground that the license law was unconstitutional.

The best lawyers here believe that the ruling of Judge Coolidge will be sustained.

BOTH SIDES EXPECT TO WIN

Damage Case Against City Coming to Close.

The case of Edith Navarre vs the city of Benton Harbor will probably be finished today.

The evidence of the plaintiff, with the exception of two witnesses, was in this forenoon. Mr. and Mrs. James Mahoney and son Edward, Miss Burke, Mrs. Roming and daughter Laura, and Dr. George M. Bell testified for Mrs. Navarre and the testimony of little Laura Roming was considered very strong for the plaintiff.

City Attorney Ellsworth this morning made a motion to dismiss the case on the ground that none of the evidence had been shown the city was responsible or liable for the accident.

Attorney Victor M. Gore, representing Mrs. Navarre, says the case is a strong one and Mrs. Navarre will get damages. Attorneys Valerline and Ellsworth declare that Mrs. Navarre will not get damages and that her case is very weak.

Signs of Decay.

A man convicted of cattle stealing in Wyoming the other day was sentenced by due process of law to a term of three years in the penitentiary. The great west, says the Chicago Tribune, is not what it used to be.

Longevity of Brain Workers.

Statistics have been published to show that brain workers are long-lived. Five hundred and thirty eminent men and women of the present century were taken and their duration of life gives an average of 68 years and 8 months.

SUFFERING AND RELIEF

Three Letters from Mrs. Johnson, Showing that Lydia E. Pinkham's Vegetable Compound Cures the Ills of Women

Wrote for Mrs. Pinkham's Advice November, 1897

"DEAR MRS. PINKHAM:—I am a great sufferer, have much trouble through the lower part of my bowels, and I am writing to you for advice. Menstrues are irregular and scanty, am troubled with leucorrhoea, and I ache so through my back and down through my loins. I have spells of bloating very badly, sometimes will be very large and other times very much reduced."—Mrs. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Nov. 20, 1897.

Improvement Reported December, 1897

"DEAR MRS. PINKHAM:—I wish to tell you that I am improving in health. I am ever so much better than when I wrote before. The trouble through the lower part of bowels is better and I am not bloated so badly. I was very much swollen through the abdomen before I took Lydia E. Pinkham's Vegetable Compound. I still have a feeling of fullness across my chest. I have used three bottles of it and am on the fourth."—Mrs. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Dec. 13, 1897.

Enjoying Good Health June, 1899

"DEAR MRS. PINKHAM:—Since a year ago I have been taking your medicine, and am now strong and enjoying good health. I have not been so well for three years, and feel very thankful to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I would advise all who suffer with female troubles to try your medicine."—Mrs. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, June 1, 1899.

WANTED TO DIE.

Edward Osgood Tried to Eat a Beer Glass.

All on Account of a Girl He Loved.

Considerable excitement was occasioned late yesterday afternoon by a report that a young man had committed suicide in Fonger's saloon, Territorial street.

A reporter for THE NEWS investigated and found that the report was partially true. A young man named Edward Osgood, who makes his home in St. Joseph, quarreled with his sweetheart Tuesday night and yesterday afternoon he visited various resorts about the city to find her. He at last located her in Fonger's place of business and at once declared his intention of ending his life. He swallowed white tablets and this not producing the desired effect he took up a thin beer glass and commenced to eat it. The girl seeing the blood at once gave the alarm and Mrs. Watson and Tabor were hastily summoned and by the time they arrived Osgood was unconscious.

After a few minutes the ardent lover opened his eyes, called for the girl he wanted to die for and the doctors said they were no longer needed.

At last reports Osgood was not considered in a dangerous condition.

No blame in the affair is attached to Mr. Fonger.

A BRIGHT CAREER.

Marie Lamour Has Proved a Favorite on the American Stage.

Marie Lamour is a name that has been heralded through the theatrical columns of the daily papers to such an unlimited extent of late that to those who have not watched the career of this gifted young artist from its inception, a brief resume of what might be termed her professional life will not prove uninteresting reading. To begin with, Miss Lamour began her career on the stage in the humble capacity of a chorus singer in one of Augustin Daly's musical comedy companies, and to the splendid early training received in this capacity, as well as to a strict adherence to the rigid discipline constantly enforced in Mr. Daly's organizations, Miss Lamour credits the foundation of what up to this point has been a career of brilliant success. It is to their early training as members of the chorus that Panny Davenport, Lillian Russell and many other stars of like prominence owe much of their later success.

After a brief period in the chorus Miss Lamour was advanced to the more important position of a principal, and several years experience of this kind in Mr. Daly's New York company made her not only a splendid actress but a most pronounced metropolitan favorite. This season Miss Lamour severed her connection with the Daly company to star in the title role of Wilfred Clark's farcical comedy, "A Wise Woman," and her success so far is said to have been of the most solid, artistic and financial kind. Miss Lamour will appear in this city at the head of her own company on Wednesday evening, May 9th, at the Bell opera house. The supporting company is said to be very strong and includes Frederic Murphy, last season leading man with Julia Marlowe.

The Nicaragua Canal Measure Meets with Success.

WINS BY OVERWHELMING MAJORITY.

Representatives Cannon and Hepburn Indulge in the Use of Bitter Language Toward Each Other.

Washington, May 3.—The house Wednesday at the conclusion of the most stormy debate of the present session of congress passed the Nicaragua canal bill by the overwhelming vote of 225 to 35. All attempts to retain in the bill the language of the original bill for the fortification of the canal and to still further strengthen the language on that line were balked, and the victory of Mr. Hepburn and the committee was complete. A motion to recommend the bill with instructions to report back another bill leaving the selection of the route to the president was buried under an adverse majority of 52 to 171.

Mr. Cannon, chairman of the appropriations committee, and Mr. Burton (O.), chairman of the river and harbors committee, made a game fight to stall off action at this session, but their appeals were in vain, and the members rode rough-shod over all their arguments and protests. Much excitement reigned throughout the day, and several times bitter words were used.

Leaders in a Row.
The excitement reached its climax in a highly dramatic scene between Mr. Hepburn and Mr. Cannon. The house was in riotous confusion during the quarrel. There was a show of peace at the close of the incident, but the feeling between the two men ran so high that the mutual retractions with which such incidents generally end were but the cloaks for the keenest and most cutting sarcasm. Mr. Cannon resented some remark made Tuesday night by Mr. Hepburn impugning his (Cannon's) sincerity. Mr. Cannon spoke under excitement, saying he had just read Mr. Hepburn's attack upon him. As he proceeded he recalled an intimation that had come to him of which he had spoken Tuesday, that those who were promoting this bill were doing so to delay the canal. Yet he said he had acquitted Mr. Hepburn of any such intention. Today he frankly stated that Mr. Hepburn's name had been connected with the rumor.

"Who was the author of the rumor?" asked Mr. Hepburn, jumping to his feet. "A newspaper man," replied Mr. Cannon. "I do not know his name."

Excitement Grows.
Continuing and speaking with great deliberation, Mr. Cannon said he would have been satisfied with the acquittal he gave Mr. Hepburn Tuesday, had not his doubts been aroused. "My observation," said he, "is that when a man is willing to challenge the sincerity of another, it is because he is turning the glass inward upon himself. I do not rise to justify my own reputation for sincerity. Upon my record of 25 years in public life, I will stand or fall." The excitement grew as Mr. Cannon proceeded. Mr. Hepburn's face was white, and his words came in a perfect torrent when he replied. He thought it entirely possible, he said, that some one whose name could not be recalled was lying about the capital in the interest of their pet projects. Interests in Mr. Cannon's own city of Chicago, he declared, were trying to sell things to the government, and he thought it altogether likely that the Panama Canal company might be trying to defeat this bill.

"I know no man connected with the Panama company," cried Mr. Cannon, fiercely. "Can the gentleman say as much?"

Says Cannon Lied.
"Yes, except as they have appeared before my committee," replied Mr. Hepburn, who, continuing, appealed to the record for confirmation of what he had said about Mr. Cannon. Then pausing for a moment, and looking squarely at Mr. Cannon, he proceeded: "I say this to him: If he fathers the rumor that I have any other purpose to serve, I say he has lied."

Quick as a flash Mr. Cannon asked Mr. Hepburn to repeat his statement. By this time the house was in a wild state of excitement and confusion. Mr. Cannon, who attempted to call the gentleman to order, but the chair said he had heard nothing unpardonable, and Mr. Hepburn proceeded.

"I say if the gentleman attempted to give currency to the statement he did me a gross injustice, making such an underhanded imputation."

Mr. Cannon's Retort.
Mr. Cannon, with flushed face, declared that Mr. Hepburn was adopting the tactics of the cut-throat. "He seeks to muddy the waters and swim away." "I am not seeking to muddy the waters," retorted Mr. Hepburn, passionately. "I am responsible for what I said to the gentleman here and elsewhere. The gentleman tried to dishonor me, and I retorted it." Mr. Cannon protested that he had done nothing of the kind, that he had treated the gentleman from Iowa with great respect, and had himself been assailed without provocation. He would dismiss the whole subject, believing Mr. Hepburn's violent remarks were due to his temper, and not to his calm judgment. Here the matter rested.

Another Scene.
Another scene occurred between Mr. Gaines (Tenn.) and Mann (Ill.). The former took exception to some remarks of the latter, saying they were "devoted to common decency, courtesy and gentility." Mr. Mann retorted that if the remark came from anyone but Mr. Gaines, it would merit reply.

Mr. Gaines declared his responsibility for anything he said, and the incident closed.

Text of the Bill.

The bill as it passed the house is as follows:
"Be it enacted, etc., that the president of the United States be, and is hereby, authorized to acquire from the states of Costa Rica and Nicaragua, for and in behalf of the United States, control of such portion of territory now belonging to Costa Rica and Nicaragua as may be desirable for the construction of a canal, and to excavate, construct and protect a canal of such depth and capacity as will be sufficient for the movements of ships of the greatest tonnage and draft now in use, from a point near Greytown, on the Caribbean sea, via Lake Nicaragua, to Breto, on the Pacific ocean; and such sum as may be necessary to secure such control is hereby appropriated out of any money in the treasury not otherwise appropriated."

"Sec. 2. That when the president has secured full control over the territory in section 1 referred to, he shall direct the secretary of war to excavate and construct a canal and waterway from a point on the shore of the Caribbean sea near Greytown, by way of Lake Nicaragua, to a point near

"Sec. 3. That the president shall cause such surveys as may be necessary for said canal and harbors, and in the construction of the same shall employ such persons as he may deem necessary."

"Sec. 4. That in the excavation and construction of said canal the San Juan river and Lake Nicaragua, or such parts of each as may be made available, shall be used."

"Sec. 5. That in any negotiations with the states of Costa Rica or Nicaragua, the president may have, the president is authorized to guarantee to said states the use of said canal and harbors upon such terms as may be agreed upon for all vessels owned by said states or by citizens thereof."

"Sec. 6. That the sum of \$10,000,000 is hereby appropriated, out of any money in the treasury not otherwise appropriated, toward the project herein contemplated, and the secretary of war is further hereby authorized to enter into a contract or contracts for materials and work that may be deemed necessary for the proper excavation, construction, completion and defense of said canal, to be paid for as appropriations may from time to time be heretofore made, not to exceed in the aggregate \$10,000,000."

Senate.
Washington, May 3.—Consideration of the army appropriation bill in the senate developed a debate on the treatment of the volunteer soldiers sent to the Philippines that at times was very bitter. Senator Turner (dem., Wash.) made a very vicious attack upon the administration because of the accommodations afforded the volunteers on the transports returning from the Philippines. He was followed by Senator Pettigrew, who in a long speech, violently arraigned the government for not discharging the South Dakota volunteers.

Senator Mason (Ill.) delivered a speech on the investigations made by the committee on manufactures of the adulteration of food. He strongly urged that congress should take immediate action to remedy existing evils.

Just before adjournment a sharp colloquy occurred over the proposed consideration of the resolution to unseat Senator Clark (Mont.), which indicated that the unanimous recommendation of the committee on privileges and elections will be sharply contested.

WAGES IN FARWELL OVERALL FACTORY

Experienced Girls Can Make Big Wages.

Experts Can Make \$2 to \$3 a Day.

There are now 100 girls and women employed in the Farwell overall factory. A few days ago a dozen girls who had worked two or three weeks, left the employ of the factory because they could not make living wages and the story was put in circulation that the Farwell company were not doing the right thing by the girls.

Yesterday John V. Farwell, jr., was over from Chicago and he visited President Miller of the board of trade and a NEWS reporter to visit the factory and ascertain if there was any truth in the report.

The visitors were given the privilege of interviewing any of the girls and were allowed to see the wages the girls are making. The running of a sewing machine on overall and shirt work is a trade and the new hands who start cannot make much better than 25 cents a day on the start. Some of the girls who have been in the factory for two weeks or more are not making more than 50 cents a day, and others are making less. The first girls who entered the factory are now making \$5 and upwards per week.

Everything depends upon the experience of the operator, and of course natural talent has something to do with the amount of wages made. The running of the sewing machines is a trade that cannot be learned in a minute, a day or a week. Apprentices in nearly every trade are compelled to work for months without the salary of a cent, while in the overall factory in two or three weeks the operators can make their board. Two or three weeks before President Miller visited the factory and interviewed one of the young ladies he is acquainted with. At that time the girl was discouraged and was thinking of leaving. Mr. Miller advised her to give the business a fair test. Yesterday she had a different story to tell. She said:

"The business is all right when you begin to know it. This week I am making 72 cents a day and it is going easier."

To show the visitors the possibilities for making wages Mr. Farwell put two of the expert girls at work and had Mr. Miller time them for half an hour. One worked on shirts and the other on overalls. The one working on shirts had no bad luck like the breaking of thread and she made five shirts in the half hour, which speed kept up for 10 hours would net her \$3.30 for the day or for six days her pay would be \$19.80. The other made four pairs of overalls in the half hour and had a minute or two to spare. At the same rate for 10 hours she would make \$2.40 or \$14.40 for the week. Of course these were experts but a good operator can make half these wages right along without hurting themselves.

Mr. Farwell says that no girl can keep a place who cannot earn \$1.50 after an experience of several weeks.

All the trouble has arisen from the fact that many people supposed that experience counted for nothing in this branch of work, while it is everything.

A gentleman with a sewing machine patent was at the factory yesterday and he said that he once started an overall factory in a city as small as Benton Harbor. A cry was raised against the wages the girls could make and the factory moved to Chicago. One of the girls who could "not make wages" followed the factory to Chicago and is

now the expert forewoman of a large overall factory in that city. The factory is light and airy, the hours are pleasant, and there is money in making overalls. Benton Harbor people will stand by the factory and supply all the help needed. The company now has 100 sewing machines in operation.

Tortured a Witness.

Intense suffering was endured by witness T. L. Martin, of Dixie, Ky., before he gave this evidence: "I coughed every night until my throat was nearly raw; then tried Dr. King's New Discovery which gave instant relief. WAS NOT A CANDIDATE.

Hon. R. I. Jarvis Worked for Cavanaugh of Paw Paw.

EDITOR EVENING NEWS: I notice in your issue, of the 2d inst. that I was a candidate for delegate to Kansas City and was beaten by Mr. Cavanaugh of Van Buren county. This is not so. I at no time was a candidate, though many urged me to become such, and no doubt if I wanted it could have had it. But I was the first to suggest Mr. Cavanaugh and helped to nominate him by urging delegates all over the district to support him. I may go to Kansas City, but as a private, which I prefer. Yours, R. I. JARVIS.

MICHIGAN CROP PROSPECTS.

Condition of Fruit Trees Could Not Be Better at Present.

Lansing, May 3.—The generally warm, dry weather of the past seven days has greatly advanced farm work. A large amount of sunshine and small amount of rain has dried out the ground so that most fields can now be worked. The warm weather following the warm showers of the week previous has greatly improved the condition of grass, rye and meadows, and also been beneficial to wheat. Wheat, however, continues in generally poor condition and many correspondents continue to report that wheat fields are being plowed under for oats and corn. Oat seeding has advanced rapidly in the central and southern counties and been quite generally begun in the northern counties and some portions of the upper peninsula; in the extreme southern counties early sown oats are coming up nicely.

Barley and pea seeding are also well advanced and farmers have quite generally begun plowing for corn. Early potato planting is well advanced in the southern counties and quite generally begun in the central counties. Reports regarding the condition of fruit trees and fruit buds are unusually encouraging this year; with but one or two exceptions in a very large number of reports all correspondents agree that the condition of fruit trees could not be better at present. Stock is being turned out to pasture in the southern counties, but is still being fed in the more northerly portions of the state. Although some fields on low lands are still too wet to work, wheat, rye, meadows and oat seeding would be benefited by warm showers.

RECALLS EARLY DAYS.

Relics Niles Man Has Given to South Bend Society.

Niles, May 3.—Edward P. Chapin, bookkeeper for Millionaire Charles A. Chapin of this city, has presented to the Northern Indiana Historical society of South Bend, a very valuable collection of historical documents, relating to the history of South Bend and this immediate vicinity. They are papers systematically filed away by his father, the late Hon. Horatio Chapin, covering a period of eight years, from 1831 to 1838 inclusive. There are bills of lading in which are mentioned boats then running on the St. Joseph river such as the South Bend Packet, the Rochester, the Delaware, the St. Joseph, the Constantine, the Kalamazoo, the Racer, the Mishawaka, the Fair Play, the Comet, the Tom Paine and the Antelope, also the steamboats David Crockett and Matilda Barney, with the names of their captains, together with freight rates.

The collection contains a number of papers that prove that the port at the mouth of the river was never designated as a village under that name in 1834. Before that time it was known as Newberryport and Saranac, and many times simply as the port at the mouth of the St. Joseph.

United Christian Party Is First in the Field.

NATIONAL CONVENTION IS HELD.

Rev. O. S. Swallow, of Pennsylvania, and John G. Woolley, of Illinois, Candidates for President and Vice President.

Rock Island, Ill., May 3.—The United Christian party national convention devoted the entire day to the preparation of a platform. Rev. S. C. Swallow, of Harrisburg, Pa., was nominated for president, and John G. Woolley, of Chicago, for vice president. Following is a synopsis of the platform:

It declares the time has arrived when the eternal principles of justice, mercy and love as exemplified in the life and teachings of Jesus Christ should be embodied in the constitution of the nation and applied in concrete form to every function of government. It deprecates immoral laws, such as require desecration of the Christian Sabbath, authorize unscriptural marriage and divorce, license the manufacture and sale of intoxicating liquors as a beverage, holding the execution of such laws to be neither loyalty to country nor honoring to God. The platform further declares for the adoption of the system of legislation known as the initiative and referendum, together with a proportional representation and an imperative mandate; declares for political, social and economic equality of the sexes; condemns mob violence and outrages; declares against war, and demands arbitration of national and international disputes; declares for the immediate abolition of the manufacture and sale of intoxicating liquors as beverages; demands the enactment of laws prohibiting the sale of tobacco to minors, demands daily reading of the Bible in the public schools and institutions of learning controlled by the state; declares for government ownership of public utilities, and for election of president, vice president and United States senators by direct vote of the people.

The name of Rev. Charles M. Sheldon, of Topeka, Kan., was presented in connection with the nomination for the presidency, but he received only a few votes.

Nebraska Republicans.

Lincoln, Neb., May 3.—Everybody was vindicated in the republican state convention. With two exceptions, the state ticket was nominated by acclamation. The contest over delegates at large, the crux of which was the fight made on United States Senator Thurston, caused intense excitement while the roll was being called. But when the result of the balloting, showing that both the senator and Editor Rosewater, who headed the anti-Thurston movement, had been elected, was read the convention gave itself up to the wildest of cheering. The following ticket was nominated:

For governor, Charles H. Dietrich, of Hastings; lieutenant governor, E. P. Savage, of Chester; secretary of state, George W. Marsh, of Falls City; treasurer, William Stauffer, of Cambridge; auditor, Charles W. Tom, of Sheridan; attorney general, Frank N. Pratt, of Grand Island; commissioner, George D. Palmer, of Nuckolls; superintendent of public instruction, Prof. W. K. Fowler, of Falls City; delegates at large to the national convention, Edward Rosewater, Senator John M. Thurston, John H. McClay, John A. Ehrhardt; alternates at large, Norris Brown, Mr. Snodgrass, H. C. Baird, Charles Kaley; presidential electors, John P. Nesbitt, R. B. Windom, Edward Royce, L. W. Hag, S. P. Davidson, Jacob L. Jacobson, John L. Kennedy, John J. Lander.

Want Towne for Second Place.

Minneapolis, Minn., May 3.—The populist state convention on Wednesday had a wrangle over the question of endorsing the fusion state administration, but the indorsement went. There was a little trouble over indorsing C. A. Towne for vice president, but Towne's friends carried the day and the delegates to the national convention are all Bryan and Towne men. The attendance at the convention was small, about 100 delegates being present.

The Blues.

Weak or worn-out nerves and an exhausted and irritable condition of the brain are at the bottom of all head troubles, such as dullness, pressure, rush of blood to the head, dizziness, headache, irritability of temper, the blues, poor memory, hysteria, melancholy, mania and insanity, no matter what the special cause that brought them about. A medicine that will strengthen and invigorate the shattered nerves, rest the weary body and soothe the tired brain is greatly to be desired. Such a medicine is Dr. Miles' Nervine. It is a nerve food and tonic that acts directly on the nervous system, toning it up into sound and vigorous action.

"I was troubled for years with severe spells of headache in the back part of my head, confusion of memory, nervousness and inability to sleep. After trying in vain to find relief I got the blues and at times thought I was losing my mind. When I began taking Dr. Miles' Nervine and Nerve and Liver Pills all this was changed. I grew cheerful and healthy."

PERFECTS WIRELESS SYSTEM.

Oklahoma Editor Promises to Send Telegrams Around the World.

Peter Pearson, of Ponca City, Okla., who is an editor and electrician, and who during the past year has conducted a series of experiments in wireless telegraphy along his own lines by means of his invention, claims to have transmitted a message over 1,000 miles. Last summer he frequently talked with persons in Arkansas City, Topeka and Oklahoma points.

His theory is that distance makes no difference, and that when his system is properly understood intelligence can be conveyed 25,000 miles as readily as 100 miles. As yet he has given the public no idea of his methods, and he steadfastly refuses to do so. He promises, however, to discuss the possibilities of wireless telegraphy in the May number of his paper, the Harmony.

POT CHEESE.—Pour one quart of sweet fresh milk into a shallow pan, and stand in a temperature of about 70 degrees, cover with a cloth for ten hours. Milk that stands three or four days acquires a bitter taste and does not make good cheese. Place the thickened milk in a cheese cloth bag and hang up to drain in a cool place. Let it drip three hours or until it is slightly crumbly. Place the cheese in a deep bowl. To each cup of cheese add half a cup of cream or rich milk, quarter of a teaspoonful of salt and two shakers of black pepper. Whip until of a creamy thick, creamy consistency. Mix in thoroughly one-half cup of canary seed and two tablespoonfuls of chopped lard.

SAGE GETS HIS PENNY.

New York Financier Exhibits Little Sentiment in Business Transactions with Newsboys.

Financiers and other business men have long known that there was little sentiment to be expected in transactions with Russell Sage, and that fact has just been brought home with much force to those merchants of the street, the newsboys.

Mr. Sage was walking home one recent Thursday night, when, at Forty-second street, he ran into a group of newsboys of various sizes and ages, all of whom apparently knew him and seemed to be anxious to separate him from a part of his wealth in return for an extra.

Mr. Sage asked for a certain edition of a certain paper, and the smallest boy in the crowd thrust upon him what was thought at the time to be the desired paper. Mr. Sage paid him and slowly walked on toward his home. He reached the corner of Madison avenue, glanced at his purchase, looked about, hesitated an instant, and then grimly and slowly walked back to where the boys were talking. Peering about till he identified the lad he had patronized, he said:

"Here, boy! This isn't the paper I asked for."

Crestfallen, the lad took back the paper, and Mr. Sage held out his hand, saying:

"Come, sir! I want my money back."

The grimy little hand went down into the trousers pocket and brought back a cent, which finally found lodgment in Mr. Sage's palm.

Mr. Sage somewhat wearily hunted up another urbin with the right edition of the right paper, and then retraced his steps homeward.

SEES THE CANAL.
Admiral Dewey Pays a Visit to Chi-
cago's Great Drainage and
Ship Waterway.
Chicago, May 3.—"There's nothing
on Suez like it," was Admiral Dewey's
verdict on the Chicago drainage and
ship canal. The inspection of the big
ditch was the feature of the last day
of his visit to Chicago. The ship canal
future of the work greatly interested
the admiral, and he inquired about
the efforts to induce congress to make
an appropriation to complete the pro-
posed waterway for ships from Chi-
cago to the Mississippi river, and in-
formally accepted an invitation to
open the proposed ship canal when-
ever the opening of such a work takes
place.
During the trip the admiral and his
aids were the guests of the sanitary
district canal trustees. A special
train on the Atchison, Topeka & Santa
Fe took the party to McCook, Ill., and
from there to Lockport the trip was
made in the yacht Linda, a number
of other pleasure craft following.
The admiral received a warm wel-
come all along the route, cannon sal-
utes intermingling with other greet-
ings.
Another Village Destroyed.
Menominee, Mich., May 3.—Gerond-
dale, a hamlet on the Wisconsin &
Michigan railroad 38 miles west of here,
was destroyed by forest fires Wednes-
day afternoon. A large stock of cedar
products and several settlers' houses
and barns formed the principal loss.
The fires are abating somewhat, owing
to a sudden change of wind.
Fatal Explosion.
Rosenberg, re., May 3.—One of the
engines of the Booth-Kelly Lumber
company, five miles east of Saginaw,
exploded Wednesday morning, killing
Engineer O. Fredrickson, of Cottage
Grove, and seriously injuring H. Ru-
dolph and Otto Anlauf, of Comstock,
Ore.

LIST GROWS LONGER
More Dead Bodies Taken from the
Utah Mine.
THE RESCUERS HAVE RECOVERED 178
It is thought the total may reach
250 or 300—Heroes Men Risk-
ing Their Lives in the
Growsome Work.
Salt Lake City, May 3.—The reports
from Scofield up to 11 o'clock Wednes-
day night say that it is now known
that 178 are dead from the explosion,
and that the estimate of loss will in-
crease rather than decrease. The su-
perintendent of the mine says there is
no record of the number of men that go
in the mine from day to day, and that
the exact loss cannot be known until
all the dead bodies are taken out. One
estimate is that there were 309 men in
the mine, and on that basis there must
have been at least 250 or 300 lives lost.
Many of the rescuers came near los-
ing their lives from the fatal after-
damp, but the work was continued in
the face of all danger, and most of the
brave fellows remained at their posts
until they were almost ready to drop
from physical exhaustion and the dead-
ly effects of the poisonous fumes.
Wednesday morning Will Clark, a
young miner, reached the scene of the
trouble, and was told that his brothers
were in the tunnel No. 1. With a rush
he went into the tunnel, and was as-
phyxiated before help could reach him.
Rescuers took the asphyxiated man's
body to the improvised morgue. His
sister was called to identify it. She
raised the clothes that covered the
body, looked for a minute on the dead
face of her brother, and, with a moan,
fell dead at his feet. Physicians say
her heart was broken.
According to the closest estimate
there were about 400 men, all told, em-
ployed at the two mines, which are
practically one mine. About 50 of these
were working in what is known as the
No. 1 back level, and raised so far from
the explosion that it had spent its force
before the shock could reach them, and
they all got out. They heard the re-
port, but did not grasp the situation at
once, one of the men continuing to
load a car after it occurred.
Three hundred and ninety-eight men
entered the mine for work Tuesday
morning, and a great majority of them
have perished. It will not be surpris-
ing if the total death figures aggre-
gate 300.
All efforts are now being concen-
trated to bring out a large number of
bodies known to be in No. 4, where 85
men perished. Here the force of the
explosion broke down the timbers, and
the bodies can only be got at through
No. 1. Up to noon 149 bodies had been
brought out.
Inquiry among the miners disclosed
the fact that they entertained various
opinions regarding the terrible affair,
some being exceedingly bitter in their
denunciation of the company, and others
took a more conservative view of
the matter and said it was one of those
things over which no man has control
and for which no man or men should
be held responsible.

Baltimore, Md., May 3.—The Phila-
delphia, Wilmington & Baltimore ex-
press, due here at nine o'clock, struck
a wagon containing five persons
Wednesday evening at Orangeville, in
this county, and killed four, the fifth
being seriously hurt. The party con-
sisted of Alex. Slaysman and his three
children and Henry L. Kline. Kline
and the children were killed.

SOCIETY AND PERSONAL

Mrs. James Bailey has returned to her home in Kenosha after spending a week in this city.

Mrs. Lucinda Smith moved yesterday from her home in this city to her farm home near New Troy.

M. H. Smith, ex-postmaster of Galien, and Deputy Sheriff Minister of the same village, were in the city today.

George A. Mills left this morning for Grand Rapids where he will purchase mantels and grates for his new block.

Secretary Burrucker of the Y. M. C. A. and H. U. Rapp are in Chicago. Mr. Burrucker will bring his sister back with him and they will keep house on Britain avenue.

The Self-Culture Club met with Mrs. Conger on Monday at 2 p. m. and enjoyed a program on canals. Answered roll call with "Qualities Most Admirable in Woman." Music, "Lullaby," Miss Helen Heaton. Paper by Mrs. Pearl, locating the chief canals of the Western Hemisphere and giving a particular account of "The Black Squadron," it being the fleet employed by her husband in his civil engineering work, on rivers in Indiana. She illustrated with photographic views. Mrs. Conger read a collection on the Soo Canal. Piano solo, Ethel Bastar. "The Chicago Drainage Canal," a paper prepared by Mrs. Platt was read by Mrs. Sherwood, as the writer was unavoidably absent. Vocal solo, Evelyn Portman. Critic's report. A spirited literary contest closed a program, which from facts and figures compiled, will pass into the history of the club, as the most instructive one of the year. The next meeting will be held with Mrs. Shauman when a Hawthorne program will be given.

The Ossoli will meet with Mrs. Averill at the home of Mrs. Godfrey, Brunson avenue, tomorrow afternoon.

On Wednesday evening in Mrs. Cary's studio was held a joint meeting of the Dorthick society and the art league. The evening was devoted to Chopin's music, this being the second such program this year. The art league presented the club with artistic souvenir programs for the evening, the cover done in yellow on white, the league colors; the design was a palette and harp joined with flowing ribbons. Papers on music as an art and universal language were read by Mesdames Van Horn and Allen. Miss Whitehead sang "The Little Ring;" Mrs. Reed sang "The Maiden's Wish;" and "Spring;" Mrs. Christopher played the Paganini in C minor; Mrs. Cary, the nocturne in G minor; Miss Cogshall, the value in D flat. Mr. Snyder closed the program with two numbers, funeral march and nocturne in E flat. At the urgent request of the members he also gave the more cheerful number, value in A flat. Mr. Snyder is a true artist and endeavors to instill the true artist's feeling in all who are associated with him in his chosen profession. The next meeting of the Dorthick society will be the first Wednesday in June and the third nature program will be given.

In forty Minutes

Thus says Puck in "A Mid-Summer Night's Dream:"

There were no telephones in Shakespeare's day, or he would have realized that two-thirds of an hour is a long time.

What would the Bard of Avon say if he were to revisit the earth and behold the wonders of the in-coming Twentieth Century, the most marvelous of which is the telephone?

With the telephone you can talk and receive an answer in FORTY SECONDS.

ABOUT THE VICINITY.

Fair Plain.

Fair Plain, May 3.—Elmer Seel is ill with the scarlet fever.

Master Sammie Quade is ill with the measles.

O. Gordon is building an addition to his home on the corner of Napier and Colfax avenues.

Mr. Duell of Illinois spent Sunday and Monday with Mr. Woodruff and family.

Mrs. Bready of Chicago is visiting Mrs. H. D. Eastman on Colfax avenue.

Mrs. Holtz has sold her home on Colfax avenue and has moved to Chicago.

Mrs. Watson and Master Julian Gordon of Three Oaks have been spending a few days here.

Mrs. A. Smith and daughters, Misses Ina and Hazel, who have been spending a few days in Chicago, returned home Tuesday afternoon.

Henry Rowe returned home from Chicago yesterday and will spend the summer here.

Mrs. McCumber and family who have been spending the winter in Benton Harbor have moved into their home on Napier avenue.

Dr. Eastman and daughter, Kattie, and Mrs. Swenson and Susie Eastman went to Chicago Sunday evening.

Miss Ida Seel entertained a company from St. Joseph last evening at her home on Fair Plain avenue.

The school board have hired Miss Zebell as teacher in the intermediate room for the ensuing year.

Peter Gordon fell from a ladder yesterday morning which gave way under his weight hurting him quite badly at the time, but will soon recover as his hurt was not a serious one.

Judging from appearances A. J. Merry must have fruit farms on the brain this spring as he has purchased another 40-acre farm at Bangor.

Rev. J. Stitt Wilson gave an excellent address, "Christ and Competition," in the school hall Sunday afternoon which was well attended.

NERVOUS WOMEN.

Find a Way to Recover their Strength and Vigor.

It is well for a woman to study herself and learn how to avoid the feeling of despondency, resulting from the monotony of a life of anxiety, care and pain, which seems the destined lot of so many women.

When the nerves are strong and vigorous, and the blood rich and pure, women will not feel the burdens of household duties nor the many weaknesses so peculiar to her sex. She will be able to vigorously bear her part in life, strong, brave and happy.

Mrs. W. G. Copeland, of Cortland, N. Y., wife of the former proprietor of the Messenger House tells how Dr. A. W. Chase's Nerve and Blood Pills lifted her out of despair into health and happiness. She says:

"Were it not for Dr. A. W. Chase's Nerve and Blood Pills, I should have been a martyr to nervous disorders. My life was one of weakness and physical as well as mental misery, my mind being filled with constant forebodings of coming evil. I am happy to say that now all this is changed. A careful use of Dr. A. W. Chase's Nerve and Blood Pills has made me feel almost youthful again. The help I derived from them was wonderful in restoring me to health and in strengthening my nerves."

Dr. A. W. Chase's Nerve and Blood Pills create new and rich blood and vigorous nerves. Their use will make the pinched pale faces of weak women glow with health and color, and restore the wasted nerves to a state of vigorous life and vitality. A few weeks treatment will positively restore lost vigor in men or women however caused. Price 50c. a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. FALSE HOPES

There are drugs which will *quint* pain. They deaden and blunt, but they do not cure. After the drug wears off, the suffering is twice as bad. Many kidney medicines that are on the market contain deadly drugs. They relieve temporarily. KID-NE-IDS is not like that. It is composed of absolutely pure ingredients, every one of which is good for the kidneys. That's the reason why it cures where so many others fail. It does not try to gloss over the pain—it goes farther and cures the cause of the pain. MORROW'S

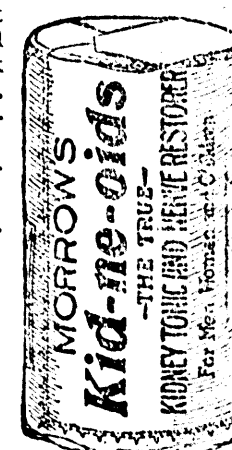

KID-NE-IDS

contains no minerals in any form—no dangerous stimulants—it will not upset invalids or children. It is the one sure cure for pain in the back, scalding and frequent urine, dizziness, dropsy, and all diseases springing from weak kidneys. 50c. at the druggists'. Enough for about 2 weeks' treatment. Dainty yellow tablets, the most scientific form of compounding medicine.

Morrow's Liver-Lax Cures Constipation, Biliousness, Headache and Constipation.—25c.

TRY THIS.

Healthy urine is clear, and does not stain. Put some in a glass and let it stand 24 hours. If there is a sediment at the bottom, get Kid-Ne-ids at once. It means your kidneys are affected. Free booklet for the asking.

HENRY GROVE, No. 615 Cornelia street, Flint, Mich., says: "I have suffered for about one year with backache as well as other symptoms of disordered kidneys. I concluded to try Morrow's Kid-Ne-ids and used them according to directions and in two days' time my backache was gone and my general health much improved. I can heartily recommend Morrow's Kid-Ne-ids as a splendid remedy."

FAILED TO WORK.

Man with a Parachute Jumps from Brooklyn Bridge and May Die as the Result.

New York, May 3.—Albert M. Bryant, an Englishman, 22 years old, jumped from Brooklyn bridge Wednesday, holding an umbrella to break the fall and bladders to keep him afloat, and was seriously injured. He is in Hudson street hospital and his condition is precarious. Bryant has been employed as a street car conductor in Brooklyn, and wore the uniform of his late employer when he jumped. Bryant drove on to the bridge in a cab. He got out, climbed the rail, hoisted a large umbrella, of the kind used on trucks, and jumped. The jumper had counted upon the umbrella to serve as a parachute, but it did not work. He had also provided a couple of bladders to keep him afloat after striking the water, but these burst when he struck the water. He came near drowning, but a passing schooner pulled him out of the water. He was taken to shore and turned over to the police. At the hospital it was found that Bryant had placed padding about himself for protection when he should strike the water. Though no bones were broken, the doctor said that he was badly bruised and suffering from the shock. He was unconscious when rescued. Bryant's idea was that the notoriety to be gained would be profitable financially. Early this morning Bryant was in a comatose condition and the surgeons entertained no hope of his recovery.

Wanted—Immediately, 100 cases of spring water at the Excelsior Mineral Baths, 155 to 65 East Main street.

You will strengthen the delicate nerve fibres and keep the stomach, liver and kidneys in vigorous health if you take a course of Excelsior Mineral Baths, East Main street.

ROBERTS' PLANS.

His Present Purpose Is to Expel the Boer Forces from the Thaba N'Chu District.

London, May 3.—The immediate objective of Lord Roberts is to establish a line of British posts from one frontier of the Free State to the other at right angles with the railway, thus preventing Boer raids southward. It is essential, therefore, that the Boers should be expelled from the rugged Thaba N'Chu district, and be forced to retire to Ladybrand.

Preparations for an advance continue at Kimberley. Sir Alfred Milner has written to the mayor of Kimberley assuring him that the relief of Mafeking has not ceased to occupy his attention and that of the military authorities, and that nothing will be left undone to raise the siege at the earliest possible moment.

The Hague, May 3.—After farewell visits to Ministers Pierson and De Beaufort, the Boer delegates started Wednesday afternoon for Rotterdam on their way to the United States. A great crowd at the station bade them farewell. Floral tributes reached the delegates from all parts of the country.

New Schedule Signed.

Boston, May 3.—The strike of the carpenters of Boston and vicinity for the establishment of an eight-hour work day and a minimum rate of wages of \$2.50 a day practically ended Wednesday by nearly all firms signing the new schedule.

A Jurist Killed.

Paris, Ky., May 3.—While out driving with his wife Wednesday afternoon, Judge W. M. Purnell was thrown from his buggy and killed. His neck was broken. His wife escaped injury.

? A ? Question

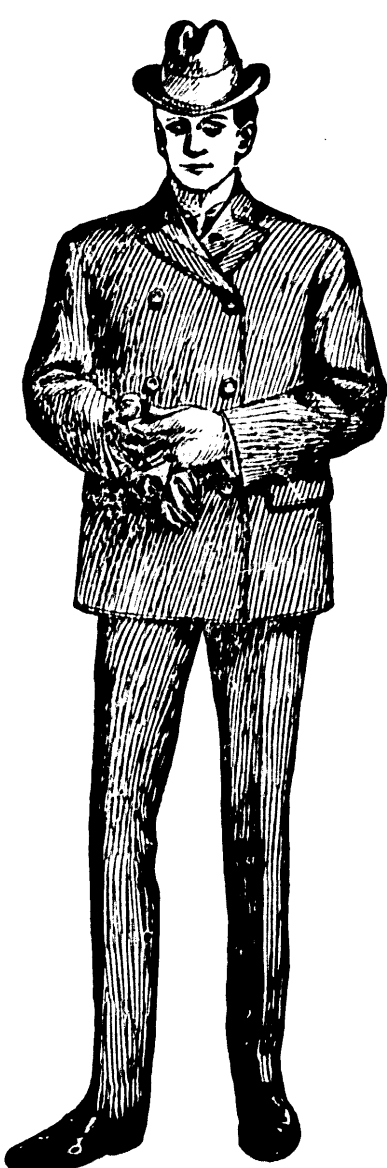

We would like to ask if you see any other clothes that look like ours or that have the same style or nobby appearance.

If you will just think about it a moment, you'll say "No."

We do not know of any clothes to compare with these Hart, Schaffner & Marx tailor made garments either for looks or wear, and yet we sell them for very little money.

They're the kind advertised in the leading magazines and worn by good dressers everywhere.
